Introduction

Concord is one of the largest Manufacturers in the Middle East specialized in the manufacturing of refrigerators, freezers , and bottle coolers. Concord is a part of an international group which has been operating in the MiddleEast for more than 50 years. The rapid growth of Concord in manufacturing , marketing , and sales had brought direct impact and new changes to this industry in the region. For many years , Concord sales network has expanded to more than half a million refrigerators per year covering European , middle eastern , african , and south asian markets. Concord is also a leader in home appliances distribution in Lebanon , Iraq & other Middle-East markets.

International Approvals

All our products are rated tropical and have proven high performance especially in very hot climates. Our products have obtained high energy standards and we use high efficiency tropical compressors . Our products are produced according to the highest international standards . Concord is one of the main supplier to Pepsi Cola, Coca Cola and many other international beverage manufacturers .
